is asserted, on the other hand, that aviators with French cavalry inflicted heavy losses on the German cavalry.

It is not clear, however, whether the Germans have not come into touch with the Russians of Verdun and that attempts to do so have failed, while in their effort to cross the Meuse at St. Mihiel they were repulsed.

## REAL STRUGGLE BEGINNING

According to German reports, the real struggle is just beginning and that if necessary, 5,000,000 men can be called upon for compulsory service, while many volunteers also are available.

Germany makes the claim that the Russians have captured the suburbs, while the Russians yesterday denied a similar report that they had given up the siege of Przemysl.

It would not surprise military men if the Russians were to concentrate to concentrate all their force for the supreme struggle which, with the advance of the Austro-Hungarian armies, is being fought upon them along the Vistula from south of Warsaw to their southern boundary.

Nothing has come through concerning the battle on the East Prussian front, but it is expected that the German fleet in the Baltic and the Finland may pressure the arrival of German reinforcements, which, it was reported some days ago, were being ordered to the Baltic coast.

A German squadron, the flagship of which is flying the flag of the Prince Henry of Prussia, has been cruising in the North Sea, and only a few days or two ago, it was reported that it was torpedoed by German submarines, two of which were lost.

The presence of the German ships probably would be a serious handicap to the Russian warships from coming to the aid of the transports, should there be any.

There was every indication to-day that the Turkish forces could be driven into the war, as Portugal has declared war on Germany, as was reported earlier in the day, but a partial mobilization of her forces will be ordered to-morrow.

## PANIC-STRIKEN CITY IS AWAITING GERMAN SHIPS

People Fleeing From Ostend as Fast as Ships Can Be Provided.

## SCENES ARE INDESCRIBABLE

Thousands of Refugees Are Crowded on Quays, and Women and Children Are Trampled in Mad Fright. Land Escape Cut Off.

OSTEND, October 14 (via London, October 15, 12:19 A. M.)—Ostend's fate hangs in the balance. The government has left King Albert and the main body of Belgian army on Tuesday, and 60,000 panic-stricken people await action by the Germans, who are known to have a large force within twenty miles of the city.

The inhabitants are feeling as fast as ships can be provided to carry them to England. Hospitals were emptied to-day and the docks were lined with hundreds of soldiers. Hundreds were carried on litters, while those less severely wounded hobbled on canes and crutches, supported by Red Cross nurses, doctors, nuns and priests.

The wounded were given preference on the transports, provided for the beleaguered city, while 3,000 struggling people were massed upon the quays, many attempting to find places on the refuge ships. A man Taube flew over the harbor and urged those below, many of whom had come here from Antwerp, and who feared the aeroplane might crash on the docks and the great glass sheds, which shelter the terminals of the railways and steamers.

Belgian soldiers firing from the docks opened fire on the aeroplane, and the machine crashed in minutes. This created still greater confusion among the thousands of women and children, many of whom had sat for three days on the quays, and the great terminal sheds, their nerves at the breaking point.

Escapes from all sides by land, and thousands were still gathered miserably on the docks when the last ship sailed for Antwerp, and others leave Ostend at night because of the danger from mines. Still the crowds of Belgian soldiers awaiting the dawn and more ships.

Even the refugees, who managed to find a berth on the transports, were not relieved of the terrible strain under which they have been working since the outbreak of the war, over the steamers, observing their movements as they sailed out of the harbor.

The aeroplane did not drop bombs, however, as one had on previous days so narrow a margin of safety. It was reported that the Belgians charged that the Germans were aiming at the hospitals. Last night the aeroplane was shot down by the Belgians, and the thousands of refugees, fleeing before the German advance, were scattered in all directions.

It is reported that they were engaged in a battle with the German soldiers, who were obliged to withdraw toward the west. There is virtually no obstacle to the German advance on Ostend.

Firing in the direction of Ghent was heard plainly in Ostend on Monday and Tuesday. The terrified refugees who were listening to the bombardment and increased the fear among the residents of Ostend by describing the horrors attending the fall of that fortress.

Most of the business houses in Ostend closed yesterday, and professional men, merchants and hotel keepers joined the throng that dared not leave the waterfront for fear of losing places in the ever growing army of refugees, women and children clamoring for a chance to escape.

Taxis and cab horses in Ostend were taken by the army long ago, so there was little means of transportation. The tram cars were commandeered by the troops, and civilians had to receive support throughout the nation.

The task put upon the Federal reserve board, which is generally understood that all departments of the surplus cotton crop, is to be placed in charge of the Federal reserve board at Washington.

disreputable looking uniforms when they come to me," a Red Cross surgeon remarked, "that I try to get some of the men to change for some better ones now, but the poor fellows are disheartened, and they will not change without having to hobble about in rags."

The same surgeon said the entire Belgian army should have been ordered to retreat to recover from the shock of its constant service under unprejudiced conditions.

The American consul, Henry A. Johnson, has the affairs of the allies under his eye, and in daily from Antwerp, Ghent and Bruges. The British consul left Ostend several days ago, the consul representing the other allies accompanying him.

RAINS ADD TO SUFFERING OF UNSHELTERED REFUGEES. Rains last night and to-day intensified the sufferings of the refugees, who were shivered to the very edge of the pier, where they remained without shelter, and many were pushed off the docks by the surging masses, but all were rescued by a large force.

A dense fog last night cast further gloom over the dimly lighted pier lined with refugees trying to sleep. The fog was so thick that the boats of the Red Cross were unable to land, and the refugees were left to their fate.

A Red Cross doctor, provided with a motor ambulance and assisted by Boy Scouts, has been to the pier, where he has been caring for the sick and exhausted. Constant calls are made for attention, and the doctor is kept busy through sheer exhaustion or fright.

Frequently hysteria seizes some women and at once spreads, especially among the older women, who believe that the arrival of the Germans would mean the end of themselves.

Among the wounded Belgians were a number of good singers who relieved the gloom of the situation on Tuesday night with folk songs, in which a great chorus joined. One young chap, whose knee had been wounded in a recent engagement, proved an excellent vocalist, and amused the sleepless crowd which gathered about his cot. He was cheered and applauded with great applause in marked contrast to the wails and moanings of the nerve-racked women.

## COTTON RELIEF FUND VIRTUALLY ASSURED

(Continued From First Page.) The plan as agreed upon is as follows:—Organize \$100,000,000 cotton loan fund throughout the United States which fund shall be turned over to and managed by the Federal Reserve Board at Washington and loaned to the national currency associations or to the Federal reserve banks.

All loans to be made payable on or before one year after the date of borrowing, with the right to the Federal Reserve Board to extend any or all such loans made for two periods of six months each, interest on such loans to be at rate of 6 per cent, and to be secured by approved warehouse receipts for cotton properly insured.

The fund to be called for by the Federal Reserve Board in such installments as may be necessary. New York financial institutions will subscribe \$50,000,000 under above conditions toward such fund, provided the balance of the country subscribes not more than \$50,000,000.

WORK OUT DETAILS. The details are to be appointed by the Federal reserve board, which, unquestionably, will have the support of every part of the country, as a chance to get from office back to the penitentiary for having robbed the State, pillaged the Statehouse, lotted the bill at \$18,000 a year, were fruitless.

AT ONCE! STOPS STOMACH WISE AND INDIGESTION. "Pape's Diapepsin" makes sick, sour, gassy stomachs feel fine.

DO some foods you eat hit back—laste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, get this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you get it honey clear and in a minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow but not sure. "Pape's Diapepsin" is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweets, no gases, no belching, no eructations of undigested food, you get honey clear and in a minutes. Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.—Advertisement.

JOYFUL ANTICIPATION OF MOTHERHOOD. There is apt to be a latent apprehension of distress to mar the complete joy of expectation. But this is quite overcome by the advice of so many women to use "Mother's Friend." This is an external application designed to soothe and relax the muscles and to thus relieve the pressure reacting on the nerves that the natural strain upon the cords and ligaments is not accompanied by those severe pains said to cause nausea, morning sickness, and many local distresses.

Many people believe that the remedies which have stood the test of time and have been put to every trial under the healthiest conditions of age, weight, general health, etc., may be safely relied upon. And judging by the fact that "Mother's Friend" has been in continual use since our grandmother's earlier years and is known throughout the United States it may be easily inferred that it is something that women gladly recommend to their own laboratory and is sold by drug-gists everywhere. Ask for a bottle to-day and write for a free booklet for expectant mothers. Address Bradford Field, Inc., 297 Lamar Bldg., Atlanta, Ga.

generous and the contempt of the wise." Senator Lewis likened Senator Penrose in turn to Cassandra, the doleful one; Saturn, which appears only at intervals; Don Quixote, who charged the windmill; Pericles, who would hide in a chest of vanity waiting for his wisdom to be called upon; and the Delphic Oracle, sitting on a tripod uttering occasionally oracular remarks.

Senator Lewis spoke of Penrose as a voice for the powerful rich, and once, when the exchange between the two of them became personal, he chided Penrose for the "pomposity" of his "ponderosity."

MILITANT LEADER ARRIVES. Christabel Pankhurst, Unannounced, Comes for Visit to New York. NEW YORK, October 14.—Christabel Pankhurst, militant suffragette leader of England, came unannounced to New York to-day aboard the Red Star steamer Finland. Miss Pankhurst made the voyage under the name of Elizabeth McDonald, and did not reveal her identity until the Finland was within sight of shore.

"I do not come to America to advocate militant methods," were almost her first words when she came ashore. "Militant methods are not needed in America. The women of the United States are more liberal than the men of England; this is demonstrated by the fact that a number of your States have already granted woman suffrage."

Miss Pankhurst said she has given way to the cause of war, and we women of England are all loyal to our flag. I believe, however, that England would have been better equipped for war if her women had been given the vote.

Militancy has already given its lesson in England. None of the English women believe that England will do anything but win in this war.

Paul—Dannenhower. (Special to The Times-Dispatch.) ALEXANDRIA, VA., October 14.—A pretty marriage ceremony was solemnized at 8 o'clock to-night at Christ Protestant Episcopal Church, when Miss Frances Virginia Dannenhower, daughter of Mrs. Frances Smoot Dannenhower of this city, became the bride of State Senator John Paul, of Harrisonburg, Va. The ceremony was performed by Rev. W. J. Morton, rector.

Five Republicans, Representatives Cooper, Davis, Dillion, Brist and Rogers; four Progressives, Representatives Falconer, Chandler, Ruple and Thompson; and one Independent, Representative Farr, Progressive-Republican, voted with the solid Democratic membership for the bill. Speaker Clark also had his vote recorded for the measure. Representative Bryan, of Washington, Progressive, voted against it.

All efforts to amend the principles of the bill failed. Republican opponents charged that it was unwise and misleading to the Filipino people. An effort of the minority to engraft upon it provisions for woman suffrage and prohibition failed. Attempts to secure the neutralization of the island dependence, and proposals to alter the salary of the Governor-General, fixed in the bill at \$18,000 a year, were fruitless.

PENROSE SCOURGED. Hitter Tongue-Lashing Given Him by James Hamilton Lewis. (Special to The Times-Dispatch.) WASHINGTON, October 14.—In a fiery speech in the Senate to-day, Senator James Hamilton Lewis, of Illinois, whip of the Illinois anti-imperialist Senator Penrose as one of the element in Pennsylvania, "who when not in the penitentiary for having robbed the State, pillaged the Statehouse, lotted the bill at \$18,000 a year, were fruitless."

Penrose scoured by James Hamilton Lewis, who charged that it was unwise and misleading to the Filipino people. An effort of the minority to engraft upon it provisions for woman suffrage and prohibition failed. Attempts to secure the neutralization of the island dependence, and proposals to alter the salary of the Governor-General, fixed in the bill at \$18,000 a year, were fruitless.
